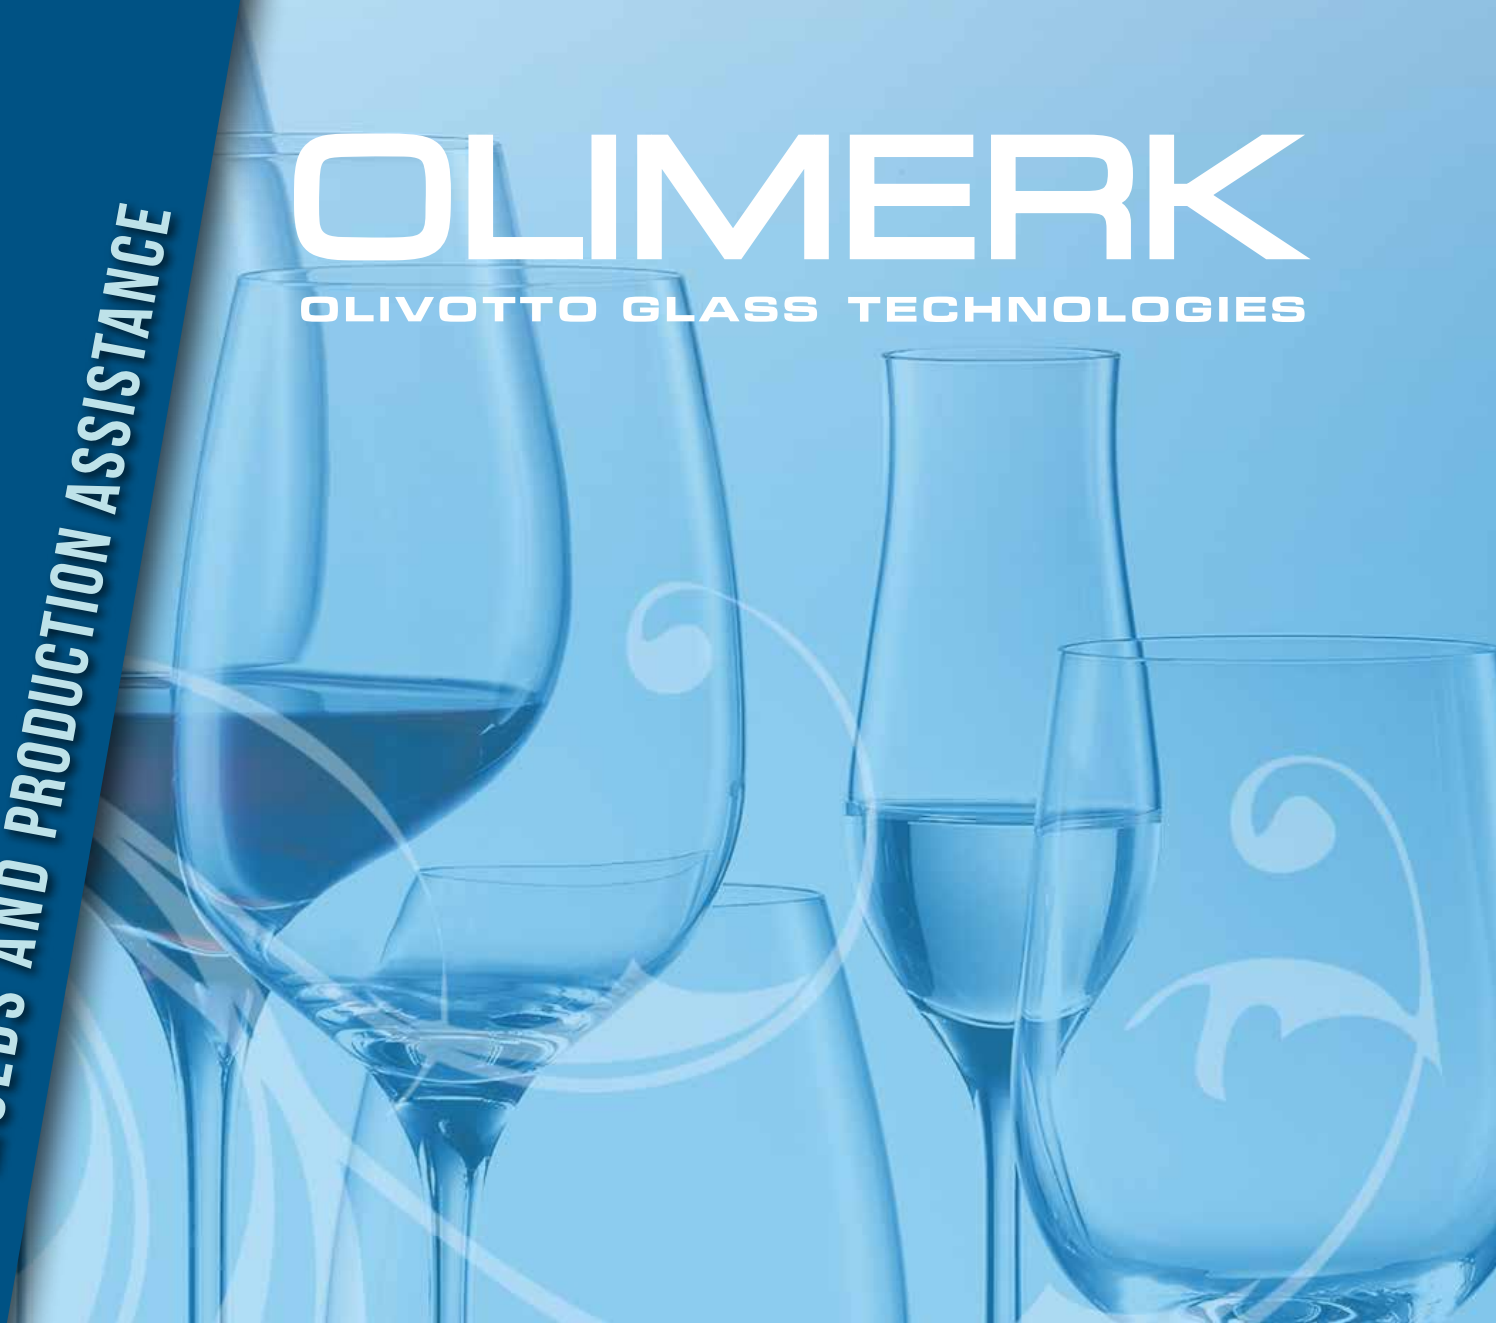
OLIMERK

OLIVOTTO GLASS TECHNOLOGIES

MOLDS AND PRODUCTION ASSISTANCE



OLIMERK was established in 2007 as a sister company of Olivotto Glass Technologies (leader in the supplying of machineries for the Glass Industries).

Starting from the important know-how and experience of such a historical company, OLIMERK is now ready to offer a new range of products, complementary to the ones produced by OLIVOTTO Glass Technologies, to cover the field of molds equipment, spare parts and production assistance.
